NL122TF

Elevating Work Platform

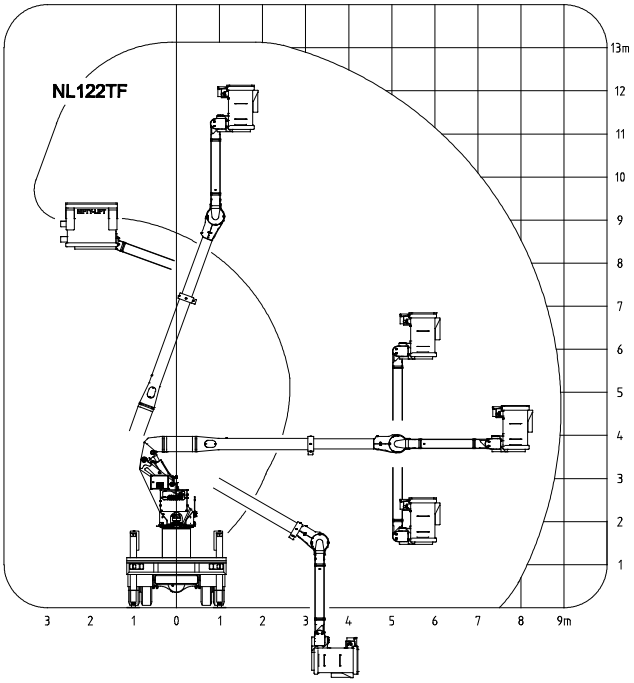
Working Height	Ground-Basket	Rated Capacity	Working Reach	To Basket Edge	Fly Boom	Continuous Slew	Basket Rotation
13m	**11m**	**180kg**	**8.9m**	**8.2m**	**270˚**	**360˚**	**90˚**

Features & Benefits:

- 270 degree articulating fly boom gives unrivalled access.
- High basket capacity ensures all operators can work safely with their tools and equipment.
- Vertical stabilisers and zero boom tail swing makes working in traffic and tight areas effortless.
- The flexibility of the 90 degree basket rotator allows the operator to position themselves perfectly.
- Operator safety is ensured with high voltage insulation to 66kV/33kV/LV.
- Excellent ground access area for easy basket loading and rescue.
- Large joystick controls with fully proportional speed control and dual deadman.
- Rounded and nested profile covers and low profile basket frame ensure wires and branches do not catch during tight works.



The NL122TF – Unrivalled Access

The NL122TF gives operators new flexibility to access their elevated work sites with ease. Incorporating features normally reserved for much taller EWPs, the NL122TF is a big performer in a small package. Supreme maneuverability with the 270 degree articulating fly boom is ideal for rapid fault response, new connections and street lighting works, and the reliability built in by Nifty-Lift's engineers make the NL122TF the perfect choice for contractors and power utilities.

Optional Accessories

- Enhanced User Interface for operational assistance, fault overrides and data logging
- Higher productivity is achievable with optional spring lockouts for EWP operation without deploying stabilisers
- Extensive range of bodywork options including toolboxes, cable drum reels, signage racks, cone holders, vices, lighting and towbar kits

Why Choose Nifty-Lift?

Designed & Engineered In Australia

Our optimised designs ensure greater job site performance coupled with less downtime, giving you higher productivity and lower cost of ownership over the life of the work platform. Nifty-Lift has over 25 years of experience designing innovative access solutions, and through extensive industry consultation and the use of cutting edge engineering software we have produced a range of industry leading models. Our experience and expertise gives owners and operators piece of mind when working at height in a Nifty-Lift elevating work platform.

After Sales Support

We support our work platforms through their entire lifecycle, not just under warranty. The team of highly experienced Nifty-Lift service technicians are available to assist operators, fleet owners and workshops with training, advice, documentation and product upgrades. We partner with our customers for life.

Parts Department

Nifty-Lift stocks thousands of genuine spare parts. We can easily arrange overnight freight for all your spares and service items to ensure your EWP is returned to service with minimal downtime.

Nifty-Lift reserves the right to alter specifications without notice. Photographs and drawings in this document are for illustrative purposes only. Product shown in photos contains optional features. Nifty-Lift, in so far as it is permitted by law to do so, shall not be liable in any way as a result of any reliance by any person on anything contained in this brochure. Please contact Nifty-Lift for current and detailed specifications.
