Elevating Work Platform

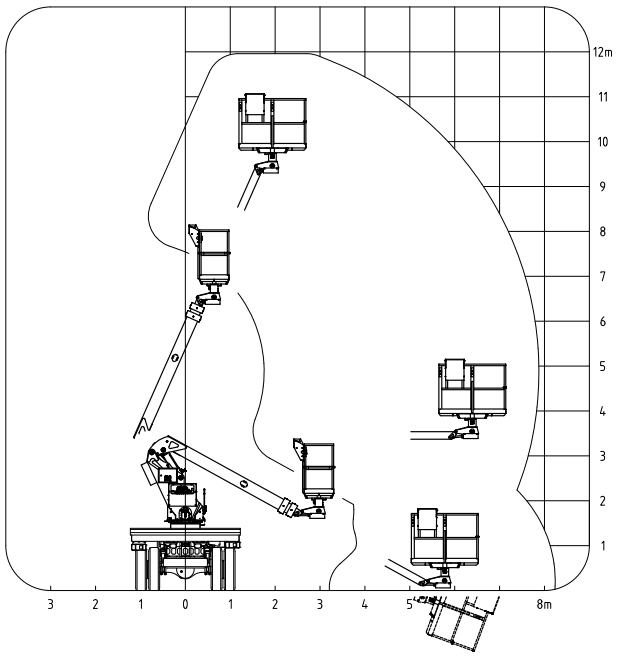
Working Height	Ground-Basket	Rated Capacity	Working Reach	To Basket Edge	Continuous Slew	Basket Rotation
12m	**10m**	**250kg**	**7.8m**	**7.1m**	**360°**	**180°**

Features & Benefits:

- Optimised high strength boom design allows for an impressive 250kg basket capacity.
- Large 1500 x 800 x 1000 high steel frame basket.
- Compact double telescopic boom design achieves outstanding working reach for an EWP this size.
- Capable of continuous 360° slew in either direction.
- Zero boom tail swing ensures safe operation in high traffic and restricted work spaces.
- Ground Access for easy basket loading and rescue.
- Large joystick controls with fully proportional speed control.
- Emergency controls are provided at the base and an emergency hand pump comes as standard.
- Smooth operation is assured via a hydraulic/mechanical basket levelling system.
- Operator crush prevention and alert system available.



The NL110DT – Reach With Capacity

Whether it be on rail or a mining site the compact NL110DT has the capacity and reach to get even the most demanding jobs done. Boasting an impressive 250kg basket capacity at a full 7.8m working side reach this EWP is built for high volume work. Multiple build designs including rail, road/rail and our exclusive 'demountable' setup helps ensure hire companies and end users maximise asset utilisation.

Optional Accessories

- Nifty-Lift's 'demountable' EWP and subframe system allows for dual usage. Eg The NL110DT can be removed allowing the chassis to be used for possible goods/ container carrying use.
- Rear suspension spring lockouts system for use without stabilisers (operate on tyres).
- Extensive range of bodywork options including toolboxes, cone holders, vices, lighting, towbars and cab protection.

Why Choose Nifty-Lift?

Designed & Engineered In Australia

Our optimised designs ensure greater job site performance coupled with less downtime, giving you higher productivity and lower cost of ownership over the life of the work platform. Nifty-Lift has over 25 years of experience designing innovative access solutions, and through extensive industry consultation and the use of cutting edge engineering software we have produced a range of industry leading models. Our experience and expertise gives owners and operators piece of mind when working at height in a Nifty-Lift elevating work platform.

After Sales Support

We support our work platforms through their entire lifecycle, not just under warranty. The team of highly experienced Nifty-Lift service technicians are available to assist operators, fleet owners and workshops with training, advice, documentation and product upgrades. We partner with our customers for life.

Parts Department

Nifty-Lift stocks thousands of genuine spare parts. We can easily arrange overnight freight for all your spares and service items to ensure your EWP is returned to service with minimal downtime.

Nifty-Lift reserves the right to alter specifications without notice. Photographs and drawings in this document are for illustrative purposes only. Product shown in photos contains optional features. Nifty-Lift, in so far as it is permitted by law to do so, shall not be liable in any way as a result of any reliance by any person on anything contained in this brochure.
