NL260KTF

Elevating Work Platform

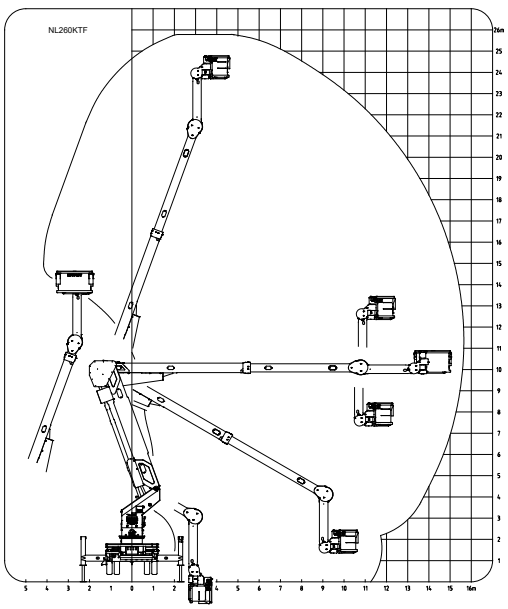
Working Height	Ground-Basket	Rated Capacity	Working Reach	To Basket Edge	Fly Boom	Continuous Slew	Basket Rotation
26m	**24m**	**435kg**	**15.6m**	**14.9m**	**180˚**	**360˚**	**180˚**

Features & Benefits:

- Full 180 degree articulating fly boom gives unrivalled access to go under or between obstacles
- Large 1500mm (internal dimension) wide basket with full capacity 180° rotation allows two people to face their job with ease.
- Difficult to access job sites are possible due to the huge side reach (15.6 metres) at an optimal 10 metre basket height.
- Our Enhanced User Interface provides intuitive operation, a detailed user guide, help screens, fault diagnosis and overrides to guarantee minimal downtime.
- Operator safety is ensured with wet high voltage insulation to 132kV/33kV/LV.
- Front and rear outriggers with three limited slew windows provide plenty of flexibility.
- Side by side boom configuration provides an unrivalled ground access area for easy basket loading and rescue up to 11 metres from vehicle.
- Simplified large joystick controls with fully proportional speed control and dual deadman which is ideal for live line conditions.
- Rounded and nested profile covers and low profile basket frame ensure wires and branches do not catch during tight works.



NL260KTF – The Nimble Giant

This leading 26 metre work platform brings great operational flexibility to any fleet. The huge side reach and working height easily tackles heavy duty powerline works and tree felling tasks, whilst the flexibility of the 180° articulating fly boom and 180° basket rotator enables operators to nimbly manoeuvre between obstacles. With the added flexibility of live line capability, limited slew modes and a vehicle size suitable for the urban environment, the NL260KTF scores highly with operators and fleet owners.

Optional Accessories

- Many basket options including hydraulic tool outlets, various lifting and material handling attachments and tie off points
- Long stroke stabilisers are available for increased levelling ability in steep locations
- Extensive range of bodywork options including toolboxes, cable drum reels, signage racks, cone holders, vices, lighting and towbar kits!
- Many more options available

Why Choose Nifty-Lift?

Designed & Engineered In Australia

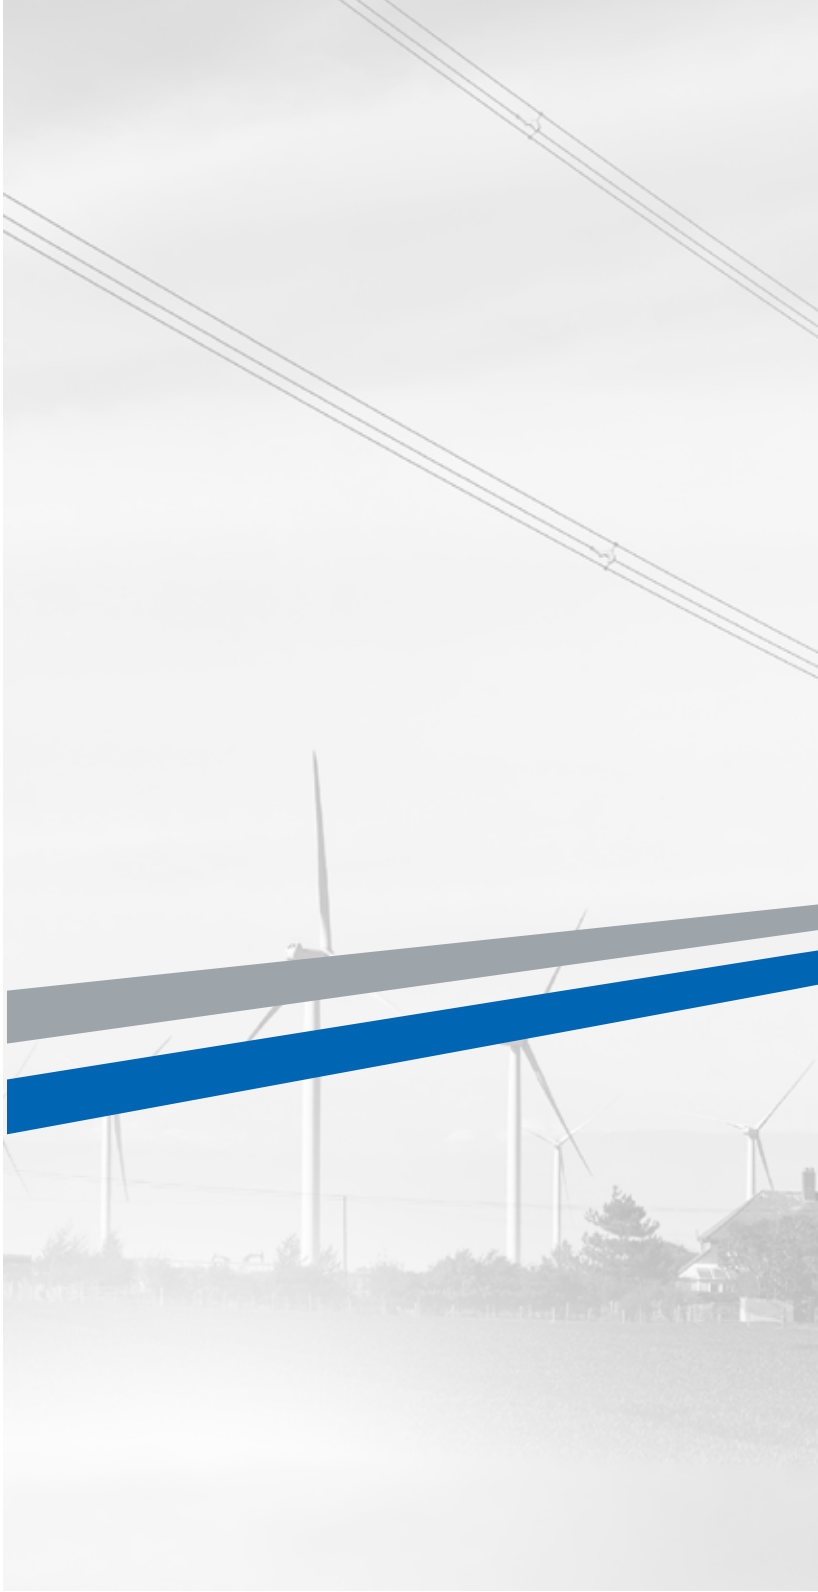
Our optimised designs ensure greater job site performance coupled with less downtime, giving you higher productivity and lower cost of ownership over the life of the work platform. Nifty-Lift has over 30 years of experience designing innovative access solutions, and through extensive industry consultation and the use of cutting edge engineering software we have produced a range of industry leading models. Our experience and expertise gives owners and operators piece of mind when working at height in a Nifty-Lift elevating work platform.

After Sales Support

We support our work platforms through their entire lifecycle, not just under warranty. The team of highly experienced Nifty-Lift service technicians are available to assist operators, fleet owners and workshops with training, advice, documentation and product upgrades. We partner with our customers for life.

Parts Department

Nifty-Lift stocks thousands of genuine spare parts. We can easily arrange overnight freight for all your spares and service items to ensure your EWP is returned to service with minimal downtime.



Nifty-Lift reserves the right to alter specifications without notice. Photographs and drawings in this document are for illustrative purposes only. Product shown in photos contains optional features. Nifty-Lift, in so far as it is permitted by law to do so, shall not be liable in any way as a result of any reliance by any person on anything contained in this brochure.
